SPRING BRANCH INDEPENDENT SCHOOL DISTRICT

District Athletic-U.I.L. Accident Insurance Plan

The Spring Branch Independent School District has purchased a limited benefit insurance policy that covers all student athletes while participating in, practicing, or traveling for athletic-UIL competition. The District is asking each individual who participates in the athletic-UIL insurance plan to pay a portion of the cost. For the 2011-2012 school year this cost is only \$25.00.

The athletic insurance is not a 24 hour accident insurance.

(If you need additional accident coverage for your student, a limited benefit plan may be purchased through a school student insurance plan (see the brochure you received from your child's school) that will provide limited benefits for the student when he/she is not participating in athletic-U.I.L. events.)

The following information concerns the District's Athletic-U.I.L. coverage:

- 1. The cost of the policy to the student is only \$25.00. Make checks payable to S.B.I.S.D.
- 2. This policy covers the student/athlete only during regular practice, off season practice, games during their season and when involved in an activity sanctioned by the U.I.L.
- 3. If you have other accident insurance for the student/athlete this policy becomes a secondary excess coverage policy and will be coordinated with any personal coverage that you may have. It will become the primary coverage if there is no other personal coverage available.

The Athletic/U.I.L. competition insurance is a Limited Benefit Plan. It will not pay 100% of the bills. (A copy of the policy benefits can be obtained by calling the Central Athletic Office at 713-251-1207.

As an additional feature the policy also offers a "Network" of providers (physicians, X-rays, etc.) that will take most benefits on full assignment with little or no cost to you. (Contact the head trainer at each high school or The Brokerage Store at 1-800-366-4810 for more information on the "Network").

- 4. Any bills not paid by your personal carrier or the athletic-UIL policy will be the responsibility of the parents/guardians. Parents/Guardians are responsible for filing any claims and any subsequent bills.
- 5. If you have other insurance coverage, you **must** file with your personal insurance carrier first. If you are insured by an HMO/PPO, you must use the HMO/PPO facilities/doctors as specified by your insurance plan.
- 6. Except in an emergency, injuries should be reported to the campus athletic trainer or coach and a claim form should be obtained **before going to the doctor**.
- 7. Claim forms are available from the campus athletic trainer, campus athletic coordinator, or from the office of the District Athletic Office 713-251-1207.
- 8. A claim form will <u>not</u> be accepted by the insurance company if <u>Part A</u> is not filled out completely by the school trainer or the coach who witnessed the accident. Please read all instructions carefully.
- 9. Please keep this information for your records.

School coaches may not:

- Transport, register, or instruct students in grades 7-12 from their attendance zone in non-school baseball, basketball, football, soccer, softball, or volleyball camps (exceptions: school coaches may hold one 6-day camp in their school district for incoming 7th, 8th and 9th grade students).
- Give any instruction or schedule any practice for an individual or a team during the off-season except during the one in school day athletic period in baseball, basketball, football, soccer, softball, or volleyball.
- Schools and school booster clubs may not provide funds, fees, or transportation for non-school activities.

GENERAL ELIGIBILITY RULES

According to UIL standards, students are eligible to represent their school in interscholastic activities if they:

- are not 19 years of age or older on or before September 1 of the current scholastic year. (See 504 handicapped exception.)
- have not graduated from high school.
- are enrolled by the sixth class day of the current school year or have been in attendance for fifteen calendar days immediately preceding a varsity contest.
- are full-time day students I a participant high school.
- initially enrolled in the ninth grade not more than four calendar years ago.
- are meeting academic standards required by state law.
- live with their parents inside the school district attendance zone their first year of attendance. (Parent residence applies to varsity athletic eligibility only.) When the parents do not reside inside the district attendance zone, the student could be eligible if: the student has been in continuous attendance for at least one calendar year and has not enrolled at another school; no inducement is given to the student to attend the school (for example: students or their parents must pay their room and board when they do not live with a relative; students driving back into the district should pay their own transportation costs); and it is not a violation of local school or TEA policies for the student to continue attending the school. Students placed by the Texas Youth Commission are covered under Custodial Residence (see Section 442 of the Constitution and Contest Rules).
- have observed all provisions of the Awards Rule.
- have not represented a college in a contest.
- have not been recruited. (Does not apply to college recruiting as permitted by rule.)
- have not violated any provision of the summer camp rule. Incoming 10-12 grade students shall not attend a baseball, basketball, football, soccer, or volleyball camp in which a seventh through twelfth grade coach from their school district attendance zone, works with, instructs, transports or registers that student in the camp. Students who will be in grades 7,8, and 9 may attend one baseball, one basketball, one football, one soccer, one softball, and one volleyball camp in which a coach from their school district attendance zone is employed, for no more than six consecutive days each summer in each type of sports camp. Baseball, Basketball, Football, Soccer, Softball, and Volleyball camps where school personnel work with their own students may be held in May, after the last day of school, June, July and August prior to the second Monday in August. If such camps are sponsored by school district personnel, they must be held within the boundaries of the school district and the superintendent or his designee shall approve the schedule of fees.
- have observed all provisions of the Athletic Amateur Rule. Students may not accept money or other valuable consideration (tangible or intangible property or service including anything that is usable, wearable, salable or consumable) for participating in any athletic sport during any part of the year. Athletes shall not allow their names to be used for the promotion of any product, plan or service. Students who inadvertently violate the amateur rule by accepting valuable consideration may regain athletic eligibility by returning the valuable consideration. If individuals return the valuable consideration within 30 days after they are informed of the rule violation, they regain their athletic eligibility when they return it. If they fail to return it within 30 days, they remain ineligible for one year from when they accepted it. During the period of time from when students receive valuable consideration until they return it, they are ineligible for varsity athletic competition in the sport in which they violation occurred. Minimum penalty for participating in a contest while ineligible is forfeiture of the contest.
- did not change schools for athletic purposes.
- I have been provided the UIL Parent Information Manual regarding health and safety issues and my responsibilities as a parent/guardian. I understand that failure to provide accurate and truthful information as UIL forms could subject the student in question to penalties determined by the UIL.

Thave read the regulation	ns cited above and agree to follow the rules.

Parent and Student Agreement/Acknowledgement Form Anabolic Steroid Use and Random Steroid Testing

- Texas state law prohibits possessing, dispensing, delivering or administering a steroid in a manner not allowed by state law.
- Texas state law also provides that body building, muscle enhancement or the increase in muscle bulk or strength through the use of a steroid by a person who is in good health is not a valid medical purpose.
- Texas state law requires that only a licensed practitioner with prescriptive authority may prescribe a steroid for a person.
- Any violation of state law concerning steroids is a criminal offense punishable by confinement in jail or imprisonment in the Texas Department of Criminal Justice.

STUDENT ACKNOWLEDGEMENT AND AGREEMENT

As a prerequisite to participation in UIL athletic activities, I agree that I will not use anabolic steroids as defined in the UIL Anabolic Steroid Testing Program Protocol. I have read this form and understand that I may be asked to submit to testing for the presence of anabolic steroids in my body, and I do hereby agree to submit to such testing and analysis by a certified laboratory. I further understand and agree that the results of the steroid testing may be provided to certain individuals in my high school as specified in the UIL Anabolic Steroid Testing Program Protocol which is available on the UIL website at www.uiltexas.org. I understand and agree that the results of steroid testing will be held confidential to the extent required by law. I understand that failure to provide accurate and truthful information could subject me to penalties as determined by UIL.

Definition of Concussion - means a complex pathophysiological process affecting the brain caused by a traumatic physical force or impact to the head or body, which may: (A) include temporary or prolonged altered brain function resulting in physical, cognitive, or
emotional symptoms or altered sleep patterns; and (B) involve loss of consciousness.

Prevention – Teach and practice safe play & proper technique.

– Follow the rules of play.

Name of Student

- Make sure the required protective equipment is worn for all practices and games.
- Protective equipment must fit properly and be inspected on a regular basis.

Signs and Symptoms of Concussion – The signs and symptoms of concussion may include but are not limited to: Head ache, appears to be dazed or stunned, tinnitus (ringing in the ears), fatigue, slurred speech, nausea or vomiting, dizziness, loss of balance, blurry vision, sensitive to light or noise, feel foggy or groggy, memory loss, or confusion.

Oversight - Each district shall appoint and approve a Concussion Oversight Team (COT). The COT shall include at least one physician and an athletic trainer if one is employed by the school district. Other members may include: Advanced Practice Nurse, neuropsychologist or a physician's assistant. The COT is charged with developing the Return to Play protocol based on peer reviewed scientific evidence.

Treatment of Concussion - The student-athlete shall be removed from practice or competition immediately if suspected to have sustained a concussion. Every student-athlete suspected of sustaining a concussion shall be seen by a physician before they may return to athletic participation. The treatment for concussion is cognitive rest. Students should limit external stimulation such as watching television, playing video games, sending text messages, use of computer, and bright lights. When all signs and symptoms of concussion have cleared and the student has received written clearance from a physician, the student-athlete may begin their district's Return to Play protocol as determined by the Concussion Oversight Team.

Return to Play - According to the Texas Education Code, Section 38.157:

A student removed from an interscholastic athletics practice or competition under Section 38.156 may not be permitted to practice or compete again following the force or impact believed to have caused the concussion until:

- (1) the student has been evaluated, using established medical protocols based on peer-reviewed scientific evidence, by a treating physician chosen by the student or the student 's parent or guardian or another person with legal authority to make medical decisions for the student;
- (2) the student has successfully completed each requirement of the return-to-play protocol established under Section 38.153 necessary for the student to return to play;
- (3) the treating physician has provided a written statement indicating that, in the physician 's professional judgment, it is safe for the student to return to play; and
- (4) the student and the student 's parent or guardian or another person with legal authority to make medical decisions for the student:
- (A) have acknowledged that the student has completed the requirements of the return-to-play protocol necessary for the student to return to play;
- (B) have provided the treating physician 's written statement under Subdivision (3) to the person responsible for compliance with the return-to-play protocol under Subsection (c) and the person who has supervisory responsibilities under Subsection (c); and
- (C) have signed a consent form indicating that the person signing:
- (i) has been informed concerning and consents to the student participating in returning to play in accordance with the return-to-play protocol;
- (ii) understands the risks associated with the student returning to play and will comply with any ongoing requirements in the return-to-play protocol;
- (iii) consents to the disclosure to appropriate persons, consistent with the Health Insurance Portability and Accountability Act of 1996 (Pub. L. No. 104-191), of the treating physician 's written statement under Subdivision (3) and, if any, the return-to-play recommendations of the treating physician; and (iv) understands the immunity provisions under Section 38.159.
